

Summit Hill School District 161 Early Learning Preschool Screening 2018-2019

Summit Hill School District 161 provides free preschool screenings for children ages 3-5. Preschool screenings are beneficial in that they help parents and teachers decide if a child's skills are appropriate for his/her age or if further testing or interventions are needed. After calling or sending in the attached form, an appointment will be scheduled for the child to attend the session with a few other children. Sessions take approximately one hour.
