

Mrs. Russell's 3rd Grade Remote Learning Plan

Dear Parents & Students,

I hope everyone enjoyed the beautiful weather over the weekend. Let's get ready for a great week of learning!

As you've all probably heard by now, the last student attendance day is May 22nd. This means we only have three more weeks of remote learning. WE CAN DO THIS! 😊

Please check Power School to see if there are any activities your child is missing. Again, I do make mistakes so please let me know if I have missed something. Assignments turned in are saved in our programs and on Teams. I do not delete emails so I can easily check. The only assignment not updated for last week, as of yet, are the journals. I am missing several students' entries so I will be rechecking over the next couple of days before entering.

Students, please remember that assignments checked for completion are marked with **. My suggestion would be to watch instructional videos and read instructional material, then complete ** assignments first. Especially if you are having a difficult time completing the work. Assignments **not** marked with ** would be of next importance. THEN the OPTIONAL assignments would be of least. Any questions, please ask!

**Please remember that any assignments labeled "Optional" are optional. They are highlighted in pink on the learning plan as well. Some students like additional practice, other families do not have the time for it. I completely understand both.

Parents, please check your email if you haven't seen the video conferencing permission information yet. I will send an email out on Monday with more information to those I've received permission from.

Thank you for all you do! Have a wonderful week.

Yours in education,

Mrs. Russell
