

# RAZ Kids Parent Letter

Dear Families,

We are lucky enough to have a wonderful online reading program called Raz-Kids. This is a program that some students have already used at school. Your child has the opportunity to use it at home as well. I have assigned your child to his/her own reading level online.

Here are the steps for reading the books:

1. First, listen to the book (click on the ear)
2. Next, read the book (click on the eye)
3. Finally, take the comprehension quiz (click on the question mark)

## Raz Kids Directions for Computer

1. Go to [www.raz-kids.com](http://www.raz-kids.com)
2. Click on the green button on the right-hand side that says "Kids Login"
3. Type in you child's homeroom **teacher username**.
4. Find your child's name and tell them to enter their **student password**.
5. Read one book at a time (listen, read, and take the quiz)

## Raz-Kids Directions for iPads

1. Download the Raz-Kids app
2. Type in your child's homeroom **teacher username**.
3. Find your child's name and tell them to enter their **student password**.
4. Read one book at a time (listen, read, and take the quiz).

Happy Reading,

Mrs. Mecher 😊
